

ENVIRO BANNER

BIODEGRADABLE

SCAN
me

High performing banner which can be produced to any size or length with finished edges, eyelets or wind holes.

Like **ENVIROMESH**, **ENVIROBANNER** will be 90% biodegraded within 6 months of hitting landfill vs traditional PVC which **NEVER** breaks down!

All our **ENVIRO** range includes the relevant recycling symbol to highlight your commitment to the environment & ensure your old signs become new products.

APPLICATIONS:

Ideal for interior and exterior applications, including but not limited to:
Outdoor banner, interior decoration, lightbox, POS display, sports graphics, event graphics, large scale building wraps and printed site hoardings.

Our ENVIRO products can go straight into your green, yellow or hard waste bins to biodegrade or recycle.
