

ENVIRO FLUTE

100% RECYCLABLE

SCAN me

Made from 100% recycled corflute, **ENVIROFLUTE** is an ideal option when you need longevity out of an external site sign but are still wary of your environmental footprint. (12 month UV stabilised)

We will also take back your **ENVIROFLUTE** once its no longer required to ensure its recycled again - 360° recycling!

Need another reason to choose **ENVIROFLUTE** over traditional mass-produced corflute, its 100% Australian Owned & Operated....Great for the environment & great for Australian jobs!

All our **ENVIRO** range includes the relevant recycling symbol to highlight your commitment to the environment & ensure your old signs become new products.

APPLICATIONS:

Ideal for exterior applications, including but not limited to:

POS display, signage, sponsorship signs, safety signs, real estate signs and temporary traffic signs.

Our ENVIRO products can go straight into your green, yellow or hard waste bins to biodegrade or recycle.
